

Contribucheck™

An Earth friendly company

Contribucheck™ is a certified Minority Business Enterprise (MBE), which specializes in supplying customized business forms, office paper products, office shredders, and facilities supplies to businesses, non-profit organizations and government agencies.

We also supply numerous environmentally responsible products including 100% recycled copy paper, and 100% recycled food service supplies including plates and cups, and paper towels.

Additionally, we utilize unique quality control products and systems to include recycled check paper with 20% post-consumer fiber - the highest content possible - and print with soy-based inks to ensure that our company is in keeping with our focus on many of our society's current concerns including the environment.
